

Term 3 is off to a flying start! Many classes are beginning their Sustainability Units with some exciting plans being put in place to ensure students are immersed in investigations throughout the term. During my classroom visits I have witnessed enthusiastic and motivated students striving for **growth** and demonstrating **courage** which are both part of our school values.

Our school has several events planned for Term 3 to engage our community with student learning. Some of these include Book Week Parade on Wednesday 21<sup>st</sup> August, Art Exhibition and Scarecrow Competition on Wednesday 18<sup>th</sup> September and Footy Colours Breakfast on Friday 27<sup>th</sup> September. We will send out further information closer to the events which will explain all the details.

Term 3 will also see our Grade 3-5 students participate in the 2 week swimming and water safety program which is a fantastic opportunity for them to develop their water skills as we head towards summer. This term will also be a time to receive feedback on how our school is developing and supporting our community. We will shortly send out a survey to all parents and carers which will give you a chance to reflect on our school's journey and provide feedback.

Finally I would like to take this opportunity to thank our School Association and Student Voice Team for their fantastic organisation of our School Disco which was held in the last week of Term 2. The students who attended had a wonderful time which could be clearly seen in the photos taken on the night.
